

**“When Quality Matters”  
Pool Opening Newsletter**

February 23rd, 2026

Dear Pool Owner,

Spring will be here before we know it and we are ready for the sunshine! Thank you for your continued trust and business. We are incredibly grateful for another year.

---

**To schedule your pool opening:**

- Please call our office at (208) 743-0116.
- Email us at [service@bandbpools.net](mailto:service@bandbpools.net). Please be specific in your email. Let us know if you want just a standard pool opening or if you would like extra services, such as taking off a cover, cleaning and/or servicing an auto cover, cleaning filters, vacuuming and/or chemicals, etc. **Services not included in your email, will not be scheduled.**
- Stop into our store at 1120 Bryden Ave. in Lewiston.

---

**Pool Opening Guidelines and Reminders**

1. **Please have all water pumped off your pool cover.** Let us know if you would like us to clean and/or service your automatic cover or if we need to remove a safety cover/tarp and tubes.
2. Make sure power is on to the service panel at pool equipment location.
3. **You are responsible for filling your pool with water 3/4 of the way up the skimmer prior to opening. This allows for proper circulation.**
4. We will add shock and algaecide during the opening, if needed.
5. **We do not balance chemicals or vacuum during our first visit.** If you would like us to do either of these, please let us know at time of scheduling, and **we will come back to do so a couple of days later.**
6. Please make sure gates, garages, pool rooms, etc are unlocked (or that we have the codes/keys) for easy access of our technicians.

---

**Helpful Hint: If you're not ready to open quite yet...**

Until your pool is open, make sure you are testing your water's chlorine levels every week. You can add liquid chlorine to your pool even when it is winterized.

---

**GOING GREEN!**

**If you have an email on file**, a detailed service report will be sent via email. **No more door hangers!**

---

**Paperless Invoices and Online Payments**

We continue to email the majority of invoices and allow most of these invoices to be paid online via a credit or debit card. Please confirm you have the correct email address on file when scheduling your opening and don't forget to check your email for your invoice.

---

**Add-ons to a standard pool opening:**

- Do you need your filters cleaned or replaced?
- Do we need to remove a safety cover or tarp and tubes?
- Do you want us to come back to vacuum?
- Do you want us to come back to balance chemicals?
- Auto Cover Maintenance? See all our options below!

**Auto Cover Maintenance Options:**

- Cleaning the cover fabric.
- Cleaning the cover box.
- Basic System Maintenance (BSM): 14 Point Inspection of the auto cover making sure it is working great for the season.
- Complete System Maintenance (CSM): All three options above- cleaning the fabric, cleaning the cover box, and the Basic System Maintenance of the cover system.
- 303 Protectant: UV Protectant applied after cover fabric is clean. Recommend applying this every 4-6 months.

Let us take care of your investment!

---

**OUT OF TOWN OPENINGS**

Carpool dates (free travel) are as follows:

**Pullman/Colfax – April 27th**

**Moscow/Garfield/Palouse – April 28th**

**Walla Walla/Milton-Freewater/College Place – Please contact the office for a carpool date. In order to receive free travel, we will schedule customers who live near each other on the same day. If a specific date or time is required, travel may be additional.**

**Pendleton/Adams/Hermiston- April 16th**

Orofino/Kamiah/Grangeville- May 6th and 7th
